

Frost & Sullivan in Oxford

Notes on 4100 Chancellor Court, Oxford Business Park South, Cowley, Oxford, OX4 2GX.

4100 Chancellor Court is a brand-new, 2 storey office of 8,040 square feet situated in the South West corner of the Oxford Business Park, Cowley which is just inside the ring road in the South-Eastern part of Oxford

The main amenities in the immediate vicinity are a Tesco Superstore and a Beefeater Pub and Restaurant

For those travelling to Oxford by train (from Paddington, journey time about 1 hour):-

From Oxford railway station, take a number 5 bus (every 6 minutes). The nearest stop to the Park is at the junction of Barns Road and Bartholomew Road in Cowley. Access to the Park is via Boswell Road off Barns Road. At peak-hour times the journey should take about 15 minutes, and the walk from the bus stop to the office is about 2 minutes

For those travelling to Oxford by the Oxford Tube coach service (from Victoria, Marble Arch or Notting Hill Gate, journey time varies according to when you travel - can be less than 90 minutes, can be significantly more):-

Get off the coach at Queens Lane in Oxford High Street and take a number 1 bus (every 7 minutes), a number 5 (every 6 minutes), or a number 5A or 5B (both every 15 minutes). The journey would take a little less time than from the railway station. The nearest stop to the Park is as above unless you take a number 5B in which case the stop is opposite the Beefeater pub on the Business Park and the walk from the bus stop to the office is about 7 minutes

For those travelling to Oxford by car:-

From London via the M40 and A40, turn onto the Oxford ring road and proceed clockwise towards Cowley. At the Cowley junction by the Rover factory go round the junction into Garsington Road and turn off left into the Business Park

From the East or South of Oxford via the A40, A420, A34 or A423 turn onto the Oxford ring road and proceed anti-clockwise towards Cowley. At the Cowley junction go left into Garsington Road and turn off left into the Business Park
