

## Frost & Sullivan Launches the 19<sup>th</sup> Edition of the India Manufacturing Excellence Awards 2023

*~Nominations for the 19<sup>th</sup> edition of the awards are open until May 15, 2023~*

**Mumbai, India, Feb 13 , 2023** – [Frost & Sullivan](#) today announced the launch of its 19<sup>th</sup> edition of the **India Manufacturing Excellence Awards (IMEA)**. For over 18 years, IMEA has been assisting automotive, industrial engineering, FMCG, pharmaceutical, healthcare, and metals-based organizations to advance their manufacturing capabilities, extend supply chains, and optimize production systems. It is the country's earliest and most respected assessment-based manufacturing award. The Award ceremony is scheduled to take place on December 8, 2023.

The 2023 edition of IMEA will evaluate and focus on future-ready factories that use digital manufacturing tools, optimize their supply chain, and effectively enhance and sustain their manufacturing capabilities. Frost & Sullivan's proprietary assessment methodology has been used to assess over 1,200 manufacturing facilities across 18 major sectors.

To participate in the 19th edition, interested companies can download the application form here: <https://frost.ly/80m>. For any queries or assistance, please contact Apoorv Anand at [apoorv.anand@frost.com](mailto:apoorv.anand@frost.com) with your full name, company name, title, telephone number, and company e-mail address.

**Rahul Sharma, VP & Global Head, Manufacturing & Process Consulting Practice, Frost & Sullivan**, “With the adoption of advanced manufacturing practices and improvement in infrastructure, Indian manufacturing capability has improved significantly over the last few decades, and we feel proud to have contributed to it in our own way. Participation in IMEA is not a one-time activity but a journey in itself. Through a robust and astute assessment process, benchmarking, and feedback mechanism, Frost & Sullivan gives inputs to companies to drive their operational excellence journey forward. We challenge and encourage companies to create global benchmarks and accelerate the journey through various knowledge-sharing sessions thereby creating tangible value for the clients and hence positively impacting their bottom lines.”
